

VOLUNTEER COORDINATION MEETING AGENDA

August 22, 2016
Conference call
712-432-1212
Code: 602-434-260

Mission & Vision

The mission of JAHS is to prepare high school students for collegiate success.

We will provide a safe, structured and rigorous college preparatory environment that promotes academic excellence and ensures that each student is accepted to at least one four-year college or university. Our students will partner with highly qualified teachers and college counselors to develop, implement, and track their individual path to college with a program that involves advanced placement courses. Finally, we value our students as unique individuals and will provide a character program that prepares our students to be a responsible and dynamic citizen like our founding father, John Adams.
